Continuation of 3. NOTE: The amendment raise issues under 112 Second paragraph and 112 First paragraph since specific conditions are necessary to maintain the R structure. The claims do not define these critical conditions.

Continuation of 11. does NOT place the application in condition for allowance because: The claims have been amended to recite "under conditions sufficient to maintain the R structure of hemoglobin." Since this amendment has not been entered, the rejections made in the Final Rejection have not been overcome. The arguments are not persuasive since they are all dependant upon the entry of amendment.
